Monthly Snack Sale Volunteers Needed! We have a wonderful group of volunteers who work our Monthly Snack Sale helping children select the perfect treat. While all of our snacks are nut-free, we also offer a table of treats for children that require gluten-free, egg-free, dairy-free and anaphylactic nut-free (snacks are made in a nut-free facility). We have a need for a couple of people to add to the team of snack sale volunteers. This is a monthly commitment from 7:45 am - 12:15 pm, and you earn service hours for this event. Specifically, we are looking for a volunteer to take over running the allergy-free table because our current volunteer is the parent of an 8th grade student and will be leaving us at the end of the school year. If you are interested in joining the team, please contact Mrs. Sullivan at k.sullivan@msladeschool.com so we can get you acclimated to the process.

Parent Cleaning Day: Are you looking for ways to earn service hours? The maintenance department could use your help on Saturday, January 28th, from 7:30 a.m. to 12 p.m. to prepare the school for our open house on Sunday, January 29th. Please see the flyer attached for further details.

Class photos and activity pictures: This year, class photos will be taken on Monday, January 23rd, and activity photos will be taken on Tuesday, January 24th; the only exception is that the Beginner Band and Advanced Band will have their group photo taken on Monday afternoon. See order form attached for further details.

Grade Level Reminders:

Grades 2-5 - The winter MAP Assessment will conclude on Tuesday, January 17, 2023.

From the School Nurse:

Pink eye (conjunctivitis)

- Monsignor Slade has seen a rise in cases of conjunctivitis, a common school-age issue, since returning from Christmas break. Cases are minimal and scattered throughout different grades. Please see the attached fact sheet from Maryland Department of Health.
- Maryland policy states that students must be excluded from school if showing signs of conjunctivitis. They must be evaluated by a health care provider and can return after being examined and cleared by a healthcare provider, being on antibiotics for 24 hours, or when symptoms resolve.
- Please remind your child to avoid touching their face, encourage good hand-hygiene, and remind them to cover their mouth when coughing or sneezing.

HASA Happenings:

HASA Executive Committee officers needed! At this time, we are asking parents to consider running for office in the Home and School Association Executive Committee. We would prefer a returning family with experience within the Home and School Association, either in chairing or co-chairing an event, doing committee work, etc. We are currently seeking interested parents to serve as president and treasurer of the Home and School Executive Committee. If elected, this would be a two-year commitment, which requires attendance at monthly meetings in the evening. To receive a nomination application, please reach out to Mrs. Christina Anuszewski at canuszew@gmail.com.

Spirit Night: The HASA Spirit Night for this month will be held at **Bubba's 33 in Glen Burnie** on Wednesday, January 18th. You can order or dine-in anytime, day or night, and just mention that it is for the Slade fundraiser. Please see the flyer attached for more details.

Family Paint Night: Looking for a memorable night out that everyone in the family can enjoy? The MSCS Home & School Association (HASA) is offering a Family Paint Night in celebration of Catholic Schools Week on Thursday, February 2, 2023, at 5:30 p.m. Tickets are \$25.00 per canvas.

The cost covers the admission fee and all materials for a single canvas. Please purchase a ticket for each family member who wishes to paint, or plan to share painting duties. An Artsy Partsy instructor will guide and give instructions on creating the canvas 'A Frog in Bubbles'. Looking forward to seeing you there!

Are you in need of service hours? The Paint Night committee can use your help with check in and serving refreshments. If interested, please use the following link to sign up: <https://www.signupgenius.com/go/10c094fafa928a6f5c52-paint#/>

Terrapin Times:

We have added beef liver to Chessie's diet. The liver will provide her iron, vitamin B12, and vitamin A, which are all important nutrients needed for growth and development. Chessie was very hesitant to try the liver at first, but once she tasted it, her instincts as a meat-eater kicked in. She devoured her seven bites in just a few minutes.

Conjunctivitis ("Pink Eye") Fact Sheet

Conjunctivitis is an infection of the eyes commonly known as "pink eye"

It is most often caused by a virus but can also be caused by bacteria.

Symptoms of the eye include:

- Redness, irritation, itchiness; may produce lots of tears
- Clear or yellow discharge that may make the eyelids stick together, especially in the morning
- Swelling of eyelids

The tears or the discharges from the eye are infectious

People can get conjunctivitis by coming into contact with the tears or discharges from the eyes of an infected person and then touching their own eyes. Also conjunctivitis, when associated with an upper respiratory infection (common cold), can be spread by droplets (e.g., coughing, sneezing).

Anyone can get conjunctivitis

Preschoolers and school-age children get it most often because of crowding and lack of good handwashing and hygiene.

Conjunctivitis is usually a mild illness

Viral conjunctivitis will go away by itself in one to six weeks. Yellow pus may be a sign of infection by bacteria.

Symptoms suggesting a more severe eye infection include:

- Severe eye pain
- Change in vision
- Extreme sensitivity to light
- Marked heat & swelling of eyelids

An eye medication is available

- Doctors may give an eye medication depending on the cause of the infection.
- Keeping the eyelid clean and lubricating the eye with drops may decrease discomfort until the infection is gone.

People with conjunctivitis should:

- Wash their hands after touching or wiping their eyes.
- Avoid touching other people unless hands are freshly washed.
- Throw away or carefully wash items that touch their eyes.
- Not share eye makeup or other items used on their eyes (for example, towels, or tissues).
- Cover mouth and nose when coughing or sneezing.
- Consult your doctor in case medication is needed.
- See a doctor if the eye discharge is yellow, if the eye or eyelid is red, or if the symptoms don't start improving after 2-3 days. See a doctor immediately if the symptoms suggest a more severe infection.
- Be excluded from school and child care settings until cleared by a health care provider that it is not contagious, after taking antibiotics for 24 hours, or until symptoms have resolved.
