Important News and Notes:

Used Uniform Exchange—The Uniform Exchange is an opportunity for parents to donate and exchange or purchase gently-used uniforms. We usually have 3 exchanges per year, in the spring, summer and fall, and it is run by parents for parents.

The next uniform exchange is this Wednesday, March 21st, from 4:00 to 6:30 p.m. in the MPR. If you'd like to volunteer to work for this event, or if you want to know more about our uniform exchange program, contact Kerry McDaniel at KKLMCD5@yahoo.com or 443-514-8696.

Standardized Testing—All students in grades 2-8 will be administered the Iowa Assessment, which is the standardized test used by the Archdiocese of Baltimore Department of Catholic Schools. These tests will be conducted April 11-20, 2018. Please do not schedule appointments for your student(s) during these important testing days. As always, please make sure your student has had a good breakfast and is well-rested in preparation for standardized testing. Thank you for your support and cooperation!

OPERATION MATO GROSSO—Food Drive for Lent, February 14 – March 29, 2018—Throughout Lent, we would like to continue our mission work and collect food items to benefit those in need with our sister school in Peru. The food collected will be used at the mission school, soup kitchens and hospitals, as well as others in need in the town of Yungay, Peru. We are collecting six staple items: pasta from Pre-K & K, sugar from Gr. 1 & 2, flour from Gr. 3 & 4, rice from Gr. 5 & 6, canned veggies from Gr. 7 and cooking oil from Gr. 8. Thank you for your generosity!

Archbishop Spalding Summer Engineering Camp

Designed for rising 6th, 7th, and 8th grade students

About the Camp

How can you launch a rocket with a chemical reaction? How can you build, and program, a robot to follow instructions? How does your hand provide valuable security information? All these questions and more will be answered at Archbishop Spalding's *Cavalier Engineering Camp*.

Designed for rising 6th, 7th and 8th grade students, the *Cavalier Engineering Camp* explores a variety of engineering concepts and careers through hands-on projects and experiential learning. The camp introduces participants to engineering in a fun and exciting environment. Participation takes place under the guidance of Archbishop Spalding High School *Project Lead the Way*™ engineering students and faculty, serving as camp counselors.

The *Cavalier Engineering Camp* operates in our state of the art engineering lab featuring 3D printer and software, VEX Robotics kits (with computer programming interfaces and software), and specialized project build and test areas. Each day of camp is divided into a morning and an afternoon session featuring a particular engineering career field including a hands-on project.

Camp Director

Mrs. Amy Brunner is the Director of Archbishop Spalding High School's Engineering Department which features the *Project Lead the Way*™ curriculum. A former software engineer, Mrs. Brunner brings her years of real-world experience in both the private sector and public service area to her position at Spalding.

In her 11th year at Archbishop Spalding, Mrs. Brunner has taught computer science and engineering courses including: *AP Computer Science*, *Advanced Programming*, *Introduction to Engineering Design* and *Principles of Engineering*. Amy is passionate about engineering education and ignites that same passion in young people. Amy coaches the award-winning *FIRST Robotics* team - 4541. Mrs. Brunner is one of the reasons Spalding has been recognized by the *A. James Clark School of Engineering* at the *University of Maryland* as a *Top 25 Engineering Source School*.
